## Mrs. Wiederholz's Website

Please answer the following about my site: [flip4math.com/quadratic](http://flip4math.com/quadratic) If you hand it in by Sunday April 23 at 2pm I will give you extra credit on your test.

Period \*

☒ 1

☐ 2

☐ 8

How easy is it to navigate from page to page? \*

	1	2	3	4	5	
difficult	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>	easy

Add a comment about navigation. \*

Its very well done, but there should be an easier way to navigate back to the home page, maybe add a button that says "Home Page"

Is the purpose of the website clear? \*

	1	2	3	4	5	
UNclear	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input checked="" type="radio"/>	Clear

What seems to be the purpose here? \*

The purpose of this website is to teach students about different lessons in the quadratic section.

Did you get lost or confused? \*

- ☒ Yes
- ☐ No
- ☐ Maybe

If you got lost, where did you get lost? \*

I got confused at the Angry Bird section, it said activity paused. That's probably because you need to activate the activity but I wish we could just do it on our own, at home.

What is the best thing about this site? \*

The best thing about this website is the convenience of everything. I can go to Quizlet directly from your website and if I'm confused, I can watch videos to help me.

What is something you would recommend changing? \*

I would change the way the Angry Bird Performance Assessment is set up. We should be able to play it whenever we would like. I bet that would get more students to go to your website and learn while having fun.

---

If you had to recommend one thing about this site, what would it be? \*

I would recommend to watch the videos. They are very helpful/ useful

---

Any additional comments? \*

Try to make your website a little more appealing, more colors! But other than that, its a great website and I love using it.
